Re: SN 08/962,077 Application of Roman Golicz et al

Sir:

On behalf of the applicant I previously inquired about the relative to the referenced application. See attachments. No response was received.

This application was filed two years ago, and no action has been taken. Some extra delay may be understandable, due to PTO confusion about issuing the filing receipt.

However, now it seems that this application is far outside an expected range. I am fearful that perhaps the application is lost.

Could you please give your attention to this case, to find out what is going on -- and to see that an examiner takes some action promptly -- or that we are sent notice of when action can be expected.

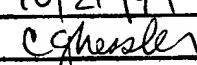

Thank you.

Sincerely,

  
C. G. Nessler

Re: 08/962,077 Roman Golicz et al. "Sheet Feeding Apparatus" Filed 10/31/97

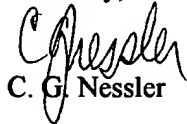

Dear Ms. Jones:

Over the last several days I left two messages (at 703 305 4285 after a vain wait for a person, and at your number listed in the July 1998 phone directory -- which I guess is no longer yours). I asked for a return call but received none.

I desire to inform you about the above referenced case and determine with you what if anything ought to be provided to you. Based on what I was told by a helpful examiner, Steve Johnson, it appears there are papers which have been filed which are not in the file. I could have them delivered to you.

Specifically, a filing receipt was received 9/17/99; the petition was withdrawn by letter mailed 9/18/99; a status inquiry and request for refund of petition fee was submitted 6/1/99; and status queries were sent on 6/15/99 and 10/20/99. Information disclosures were submitted on 1/26/98 and 1/22/99.

Sincerely,

  
C. G. Nessler
